Dear Friend:

Please allow me to intrude into your busy day. I would like to introduce you to one of the most unique educational choices that exist in Ventura County and solicit any assistance you might be able to provide our school.

Saint Augustine Academy is an independent, non-profit school serving kindergarten through twelfth grade. Founded in 1994, we are now in our 23rd year of operation. We have achieved the elite status of being named one of the Top 50 Catholic High Schools in America – only one of three schools from California on the list. It is a great honor we share with some of the nation's most prestigious high schools. All this is from a small, but mighty school right here in Ventura County!

While I could say more than you may have patience to listen to about Saint Augustine Academy, I will summarily state that we educate the whole child intellectually, morally, spiritually, aesthetically, and physically. Our students are graduating and successful in their college careers at the most prestigious institutions in the country. Yet, *our* real test of success is how our graduates function in the world they live in: they are good sons and daughters, they are respectful to all, they are leaders in campus organizations, and they are faithful to their moral and spiritual convictions. In short, they are good citizens!

As we are not a charter school, we depend solely upon tuition and fundraising for our financial needs. As our major fundraiser each spring, we depend heavily upon our annual **Golf-A-Thon**.

In order to expand the capacity of this event we are turning to you and other local business leaders to underwrite the costs associated with staging this event and to help us raise additional funds.

Thanks for helping!

Michael J. Van Hecke
Headmaster
